TRANSIT LOW ROOF
ADSERIES ADJUSTABLE SHELVING

EXCLUSIVELY FROM ADRIAN STEEL: A SHELVING PLATFORM THAT ALLOWS YOU TO PUT SHELVES WHERE YOU WANT THEM, NOT WHERE WE THINk YOU NEED THEM!

ADseries is the next generation of cargo management solutions, engineered to optimize your work van storage and accessibility. Featuring truly ADjustable shelves, an ADaptable rail system, AND heavy-duty shelves designed to accommodate the diverse range of cargo you need to get the job done.

For the Way You Work!

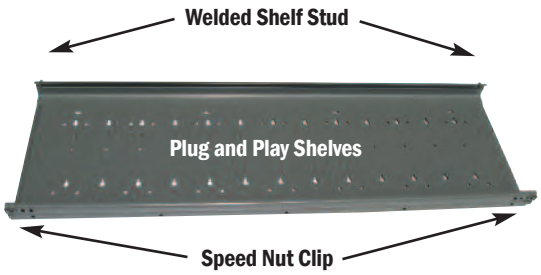
ADVANCED DESIGN

ADseries components are strong, durable and ready to work hard. The 6” knock out of the stamped steel end panels (available for the Low Roof Transit) provides a 48” floor space to accommodate 4’x 8’ sheet goods (up to 22 sheets of 1/4” drywall or a combination of thicknesses).

ADSERIES ADJUSTABLE SHELVING

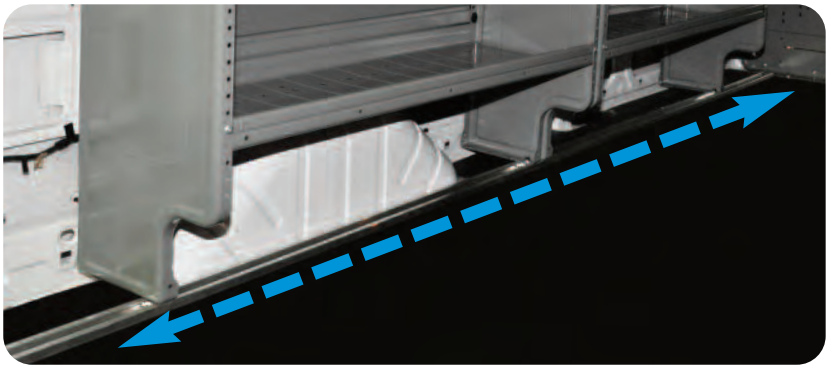
ADJUSTABLE SHELVES

Tools, equipment and cargo come in all shapes and sizes and until now, there hasn't been a shelving unit that is truly adjustable. The ADseries is the first of it's kind where, with only a screwdriver, you can simply remove the front shelf bolts and move the shelf where you need it. Shelves can be adjusted in one inch increments and provide the most flexible shelving solution available.



Truly Adjustable Shelves All you need is a phillips screwdriver! Simply remove two bolts from the speed nut clips that come with the shelf, tilt the shelf upwards, move the shelf to your desired location, insert the rear shelf studs, reattach the bolts and you're done!

Rear Shelf Studs unique design lock shelves in place!



ADAPTABLE INTERIOR

Everyone likes to set their work van up their own way. The new ADseries shelving lets you position the shelving where you need it. Exclusive to the ADseries, the unique rail system enables you to reposition the shelving in the van, increasing the available space for trade specific equipment. All of this is done without removing bolts, plugging holes and redrilling the van!

ADD ACCESSORIES

Businesses change over time and your van interior should be able to change with your needs. Plug and Play shelves have prepunched holes that allow adding storage solutions easily! ADseries dividers simply snap in place, drawer units simply bolt in and door kits can be added to lock your more valuable parts and equipment. Many Adrian Steel accessories can be added to the ADseries shelving with the rail adapter kits and end panel brackets.

TRANSIT LOW ROOF
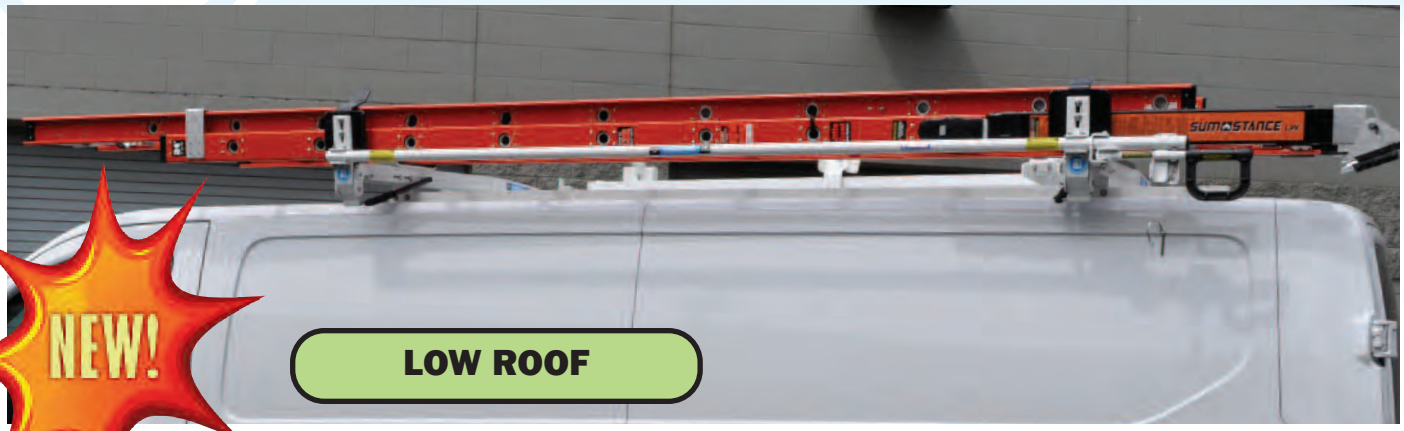
Ez LOAD LADDER RACk

Ez LOAD LADDER RACk BY ADRIAN STEEL

Designed with the average height person in mind, the EZ Load Ladder Rack is the most functional, easy to use grip lock style ladder rack on the market.



UP & LOCKED POSITION

LOWERED POSITION

Ez to Operate

Loading ladders just got easier! Taller cargo vans and longer ladders make it difficult to load ladders, until now. The EZ Load rack's patent pending design brings the rack down 6" towards you so you don't have to reach the roof of your van to load and unload ladders. Much closer than any comparable grip lock rack on the market today.

Ez to Adjust

Ladders come in all shapes and sizes. The EZ Load ladder rack has one common fastener versus comparable grip lock racks with different fasteners for different brackets. All you need to adjust your EZ Load Rack for your ladders is a ½" socket.

Ez to Maintain

Corrosion Free! The all aluminum design with stainless steel fasteners allow the EZ Load to look great for years to come!

Ez to Accessorize

The new T-Slot design makes adding accessories EZ! Add a stepladder kit, conduit carrier or utility rack kit with ease!

Crossbow with T-Slot and square-head bolts.

Plastisol coated brackets and plastic contact surfaces protect ladders from excessive wear.

TRANSIT LOW ROOF
Ez LOAD LADDER RACk

NEW DESIGN OFFERS BETTER ERGONOMICS!

Cargo vans are getting taller each year and most grip lock style ladder racks do not take this factor into their design. The average height person in North America is 5'8" (according to the CDC) and the taller the cargo vans get, the harder it is to load a ladder on top of these vans. The patent pending design of the EZ Load Ladder Rack brings the ladder down 6" towards the operator. Making it easier to reach when you unload and more importantly, when the operator has to load the ladder, they no longer have to lift the ladder to the top of the cargo van reducing the risk of injury!

- **Ladder Protection** – Ladders stowed on the EZ Load Ladder Rack are protected with composite plastic that keep fiberglass ladders from rubbing on the metal of the ladder rack. This prolongs the life of your fiberglass ladders.
- **Safe Ladder Transportation** – No bungee cords needed. Four brackets secure the ladder tightly in place during transportation. Proper adjustment should take place when you first load your ladders on the EZ Load Rack.
- **Ladder Security** – Ladders can be secured against theft with an optional padlock.
- The EZ Load Ladder Rack accommodates 32' extension ladders and 10'-12' step ladders. Shorter ladders can be accommodated with the optional step ladder kit.
- The EZ Load Ladder Rack utilizes the factory attachment points in the Transit roof. No drilling needed!

EZ Load available for Low Roof Transit models only.

LOADSRITE FEATURES & BENEFITS

- Designed to allow ladders to be loaded and unloaded one end at a time.
- Ladder clamps securely hold the ladder for transportation.
- Ladders can be padlocked for added security.
- Clamping of ladder is automatic.
- Aluminum bed frame, cast aluminum grab handle, stainless steel latch and fasteners.
- Rollers and dampers create a smooth transition to the stowed and down positions.
- The easy-reach release handle lowers toward the ground for better access (medium roof.)
- Two handed operation is required to release the ladder for safer loading and unloading.
- Plastisol clamps and plastic pads protect and extend the life of fiberglass ladders.

The LoadsRite for the MEDIUM roof Transit features a dual drop-down system that lowers the ladder even closer to you for easier loading and unloading. A RAIL KIT must be ordered to complete the medium roof LoadsRite rack.
