

MEDIUM DUTY SERVICE BODIES

The MDST Medium Duty Service Body provides a great combination of durability and versatility for medium duty vehicles. The sleek exterior design includes large 44.5"-high, 20" deep compartments with keyed-alike lockable doors, fully concealed hinges and hidden drip-rails - all standard features that enhance your company's image while protecting your tools and equipment from theft and the elements. Constructed primarily of 14 gauge, powder coated Galvanneal steel, MDST bodies feature plenty of secure storage space, loadspace tie-down rings and aluminum grab handles. Add any of STAHL's wide array of optional equipment such as drawer packages, crane reinforcement, tank compartments, and more, and you can easily configure the MDST to meet your specific application needs.

HIGH SECURITY / LOW MAINTENANCE

Fully hidden door hinges enhance security while their bolt-on design makes them maintenance-friendly

STRONG & DURABLE

Lock-bolt construction provides exceptional strength and durability at the same time eliminating the need for any cutting, welding or grinding which can allow corrosion to start

Shown with optional storage bumper with factory installed L.E.D. Light Kit

PROTECTION FOR VALUABLES

Lockable Stainless Steel T-Handle latches with 3-point engagement hold compartment doors securely in the closed position while making unauthorized compartment access difficult

LONG LASTING GOOD LOOKS

The service body exterior, compartment interiors and cargo area surfaces are finished in durable, corrosion-resistant white powder coat

Covered by STAHL's 5-Year "No Rust, No Bust" warranty

44.5" high compartments with large door clearance provide ample storage space and easy access to tools and equipment (optional Drawer package pictured above)

Optional storage bumper features dual locable compartments, factory installed L.E. D. light kit, twin steps and recess for optional hitch package
