ECCOESG.COM

BE SEEN, BE HEARD, STAY SAFE

The work truck is a critical part of your business. It transports personnel, tools and equipment to the job site every day. Beyond these practical uses, the work truck serves as an extra layer of protection for your crew. Whether enhancing visibility in the roadway or navigating a remote area at night, ECCO's lighting and warning solutions keep workers safe and productive.

ECCO stands behind its reliable and time-tested products. We design safety solutions to meet your fleet's need regardless of the application. From residential service calls to utility line repair projects, ECCO has your back any time, any place.

UTILICE LAS SOLUCIONES PANORÁMICAS Y ACÚSTICAS PARA MANTENERSE

La camioneta es una parte fundamental de su empresa. Transporta personal, herramientas y equipos al sitio de trabajo todos los días. Más allá de estos usos prácticos, la camioneta funciona como una capa adicional de protección para su personal. Ya sea porque mejora la visibilidad en la carretera o navega en un área remota por la noche, las soluciones de iluminación y advertencia de ECCO permiten mantener a los trabajadores seguros y productivos.

ECCO respalda sus productos confiables y probados con el transcurso del tiempo. Diseñamos soluciones de seguridad para satisfacer las necesidades de su flota, independientemente de la aplicación. Desde llamadas para servicios residenciales hasta proyectos de reparación de cables del servicio público, ECCO lo respalda en cualquier momento, en cualquier lugar.

SOYEZ VISIBLE, SOYEZ ENTENDU ET RESTEZ EN SÉCURITÉ

Le camion de travail est un élément essentiel de votre entreprise. Tous les jours, il transporte le personnel, les outils et l'équipement sur le chantier. Au-delà de ces utilisations pratiques, le camion de travail sert aussi de mesure de protection supplémentaire pour votre équipe. Qu'il s'agisse d'améliorer la visibilité sur la chaussée ou de naviguer de nuit dans une région éloignée, les solutions d'éclairage et d'avertissement d'ECCO permettent aux travailleurs de rester productifs et en sécurité.

ECCO soutient ses produits fiables et éprouvés. Nous concevons des solutions de sécurité pour répondre aux besoins de votre parc, quelle que soit l'application. Des appels de services résidentiels aux projets de réparation de lignes de services publics, ECCO couvre vos arrières en tout temps et où que vous soyez.

WITH ECCO ON THE JOB, THE WORK

GETS DONE

Your truck is put to the test day in, day out. You need it to be ready to go at a moment's notice along with the equipment you need to get the job done. Whether performing tasks inside or outside of the truck, ECCO's lighting solutions save valuable time and make it easy to locate tools, find the work site and provide a perimeter of visibility. Camera systems and smart alarms greatly reduce the risk of crashes while reversing and driving around tight spaces. Warning lights give drivers and pedestrians ample warning to slow down and stay clear of equipment. Protect workers and mitigate property loss with ECCO's recommended safety solutions for work and utility trucks.

CON ECCO EN EL TRABAJO, EL TRABAJO SE HACE

Su camioneta se pone a prueba día tras día. Necesita que esté lista para partir en cualquier momento junto con el equipo que necesita para realizar el trabajo. Ya sea que realice tareas dentro o fuera de la camioneta, las soluciones de iluminación de ECCO ahorran tiempo valioso y facilitan la localización de herramientas y la búsqueda del sitio de trabajo, además de proporcionar un perímetro de visibilidad. Los sistemas de cámaras y las alarmas inteligentes reducen considerablemente el riesgo de accidentes mientras retrocede y conduce en espacios estrechos. Las luces de advertencia brindan a los conductores y a los peatones una amplia advertencia para disminuir la velocidad y mantenerse lejos de los equipos. Proteja a los trabajadores y reduzca la pérdida de propiedad con las soluciones de seguridad recomendadas para camionetas y camiones de servicio de ECCO.

AVEC ECCO SUR LE CHANTIER, LE TRAVAIL EST TERMINÉ

Votre camion est mis à rude épreuve toute la journée. Vous devez pouvoir compter sur lui pour transporter sans retard l'équipement dont vous avez besoin pour faire le travail. Que ce soit pour effectuer des tâches à l'intérieur ou à l'extérieur du camion, les solutions d'éclairage d'ECCO permettent de gagner un temps précieux et de faciliter la localisation des outils et du chantier tout en assurant un périmètre de visibilité. Les systèmes de caméras et les alarmes intelligentes réduisent considérablement le risque de collision en marche arrière et dans les espaces restreints. Les feux de détresse avertissent les conducteurs et les piétons de ralentir et de rester à l'écart de l'équipement. Protégez les travailleurs et atténuez les dommages matériels grâce aux solutions de sécurité recommandées d'ECCO pour les camions de travail.

FEATURED PRODUCT 16 SERIES

COMPACT, LOW-PROFILE

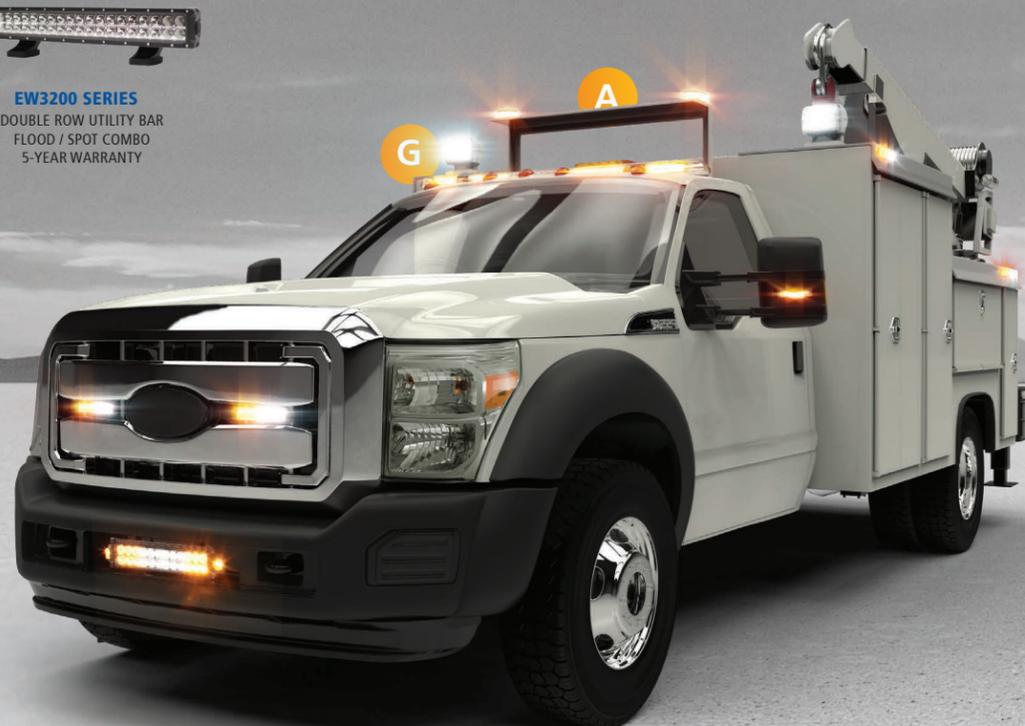

The 16 Series lightbar provides exceptional warning and off-angle performance with its single- or dual-color LEDs. At only 1.6 inches high, this discreet lightbar compliments the vehicle's roof line while delivering intense output with dozens of flash patterns. Engineered for easy installation and customization, choose from multiple lengths and configurations to meet the fleet's requirements.

La barra de luz de la serie 16 proporciona un rendimiento excepcional de advertencia y en ángulo con sus LED de uno o dos colores. Esta discreta barra de luz, de tan solo 1,6 pulgadas (0,4 metros) de altura, complementa la forma del techo del vehículo y a su vez proporciona una luz intensa con docenas de patrones de destello. Está diseñada para facilitar la instalación y la personalización y puede elegir entre múltiples longitudes y configuraciones para satisfacer las necesidades de la flota.

La barre lumineuse de la série 16 offre des performances exceptionnelles en matière d'avertissement et d'éclairage hors angle grâce à ses LED unicolores ou bicolores. D'une hauteur de 1,6 pouce seulement, cette barre lumineuse discrète complète la ligne de toit du véhicule tout en offrant une sortie intense avec des douzaines de modèles de flash. Conçue pour une installation et une personnalisation faciles, elle est disponible en plusieurs longueurs et configurations pour répondre aux besoins de la flotte.

FEATURED PRODUCT 5590 SERIES

SAE CLASS I LED MINIBAR, 15"

The 5590 Series LED minibar features an innovative design combining Reflective and ICE Optic LED modules to provide superior 360° warning. The ICE Optics produce an intense beam to the front and rear of the vehicle while the Reflective modules ensure optimum 360° coverage by producing a wide-angle beam to the sides and corners.

La minibarra LED de la serie 5590 presenta un diseño innovador que combina módulos LED reflectantes y ópticos ICE para proporcionar una advertencia superior de 360°. Los módulos ópticos ICE proyectan un haz intenso hacia la parte delantera y trasera del vehículo, mientras que los módulos reflectantes garantizan una cobertura óptima de 360° al proyectar un haz angular amplio hacia los laterales y las esquinas.

Le minibar à LED de la série 5 590 présente un design innovant combinant des modules LED Reflective et ICE Optic pour fournir un avertissement supérieur à 360°. Les modules ICE Optic produisent un faisceau intense à l'avant et à l'arrière du véhicule, tandis que les modules Reflective assurent une couverture optimale à 360° en produisant un faisceau à grand angle sur les côtés et dans les coins.

FEATURED PRODUCT HEATED WORKLIGHTS

EW2001H, E92005H, E92006H, EW2421H

ECCO's heated LED worklights offers the brightest white light illumination wherever you need it. A flush-mounted lens helps prevent snow and ice buildup while the heated lens automatically turns on with power, melts through snow and ice.

Los faros de trabajo LED calefaccionados de ECCO proporcionan la iluminación de luz blanca más brillante donde sea que la necesite. Una lente empotrada evita la acumulación de nieve y hielo y la lente calefaccionada se enciende automáticamente y derrite la nieve y el hielo.

Les phares de travail chauffants à LED d'ECCO offrent la lumière blanche la plus brillante partout où vous en avez besoin. Une lentille encastrée aide à éviter l'accumulation de neige et de glace, tandis que la lentille chauffante s'allume automatiquement avec de l'énergie et fait fondre la neige et la glace.

BOOM TRUCK SOLUTIONS

SOLUCIONES PARA CAMIONES GRÚA | SOLUTIONS POUR CAMIONS À FLÈCHE

FEATURED PRODUCT 5550 SERIES REFLEX®

11" MICROBAR

The Micro Reflex® Series LED minibar provides a low-profile, yet powerful warning solution that features single- or dual-color LEDs that produce dozens of flash patterns. Choose from single- or dual-color lightheads that deliver highly visible, focused light to meet the public safety need. Integrate the microbar with the unit's complement of exterior warning lights with the permanent mount model. The temporary, vacuum-magnet models allow operators to quickly cycle through flash patterns with simple on/off/selection switch functionality.

El minibar LED de la serie Micro Reflex® proporciona un perfil bajo, potente solución de advertencia que cuenta con LED de uno o dos colores que producen docenas de patrones de destellos. Elija entre cabezales de luz de uno o dos colores que entregan luz enfocada altamente visible para satisfacer las necesidades de seguridad pública. Integre la microbarra con el complemento de luces de advertencia exteriores de la unidad con el modelo de montaje permanente. Los modelos temporales de imán de vacío permiten a los operadores recorrer rápidamente el flash patrones con funcionalidad simple de encendido / apagado / interruptor de selección.

Le mini-bar à LED de la série Micro Reflex® fournit une solution d'avertissement discrète mais puissante qui comprend des LED à une ou deux couleurs qui produisent des dizaines de modèles de flash. Choisissez parmi des phares monochromes ou bicolores qui fournissent une lumière hautement visible et focalisée pour répondre aux besoins de sécurité publique. Intégrez le microbar au complément de feux d'avertissement extérieurs de l'unité avec le modèle à montage permanent. Les modèles temporaires à aimant à vide permettent aux opérateurs de parcourir rapidement les modèles de flash avec de simples Fonctionnalité du commutateur marche / arrêt / sélection.
