

Automotive Mechanic - Vehicle Accessories Specialist

Company Description:

A & K Equipment Co Inc. is a leading provider of high-quality truck equipment, serving automotive dealerships, leasing companies, and fleets across New Jersey. With a focus on innovation, reliability, and exceptional customer service, we are committed to delivering top-notch solutions that meet our clients' needs and exceed their expectations.

Job Description:

We are seeking a skilled Auto Mechanic with a specialization in vehicle accessories, including lighting systems, power inverters, and other aftermarket upgrades. The ideal candidate will have experience installing, diagnosing, and repairing a variety of automotive electrical accessories while ensuring quality workmanship and customer satisfaction.

Key Responsibilities:

- Install, troubleshoot, and repair automotive lighting systems (LEDs, strobes, auxiliary lights, etc.).
- Install and service power inverters and other electrical accessories in vehicles.
- Wire and integrate aftermarket accessories such as backup cameras, GPS systems, remote starters, and other electronic components.
- Diagnose and resolve electrical issues related to installed accessories.
- Ensure all installations meet safety standards and manufacturer specifications.
- Provide customers with product recommendations and technical support.
- Maintain a clean and organized workspace while following all safety protocols.

Qualifications & Skills:

- Proven experience as an auto mechanic or automotive electrician, with a focus on accessory installations.
- Strong knowledge of 12V electrical systems and wiring diagrams.
- Ability to diagnose and troubleshoot electrical and mechanical issues.
- Experience working with tools and equipment related to accessory installations.
- Understanding of automotive computer systems and CAN bus wiring is a plus.

- Attention to detail and ability to produce high-quality work.
- Strong problem-solving skills and ability to work independently.
- Excellent customer service and communication skills.

Preferred Qualifications:

- ASE certification or equivalent experience in automotive electrical work.
- Prior experience working in an auto customization shop or similar environment.
- Familiarity with commercial and fleet vehicle accessory installations.

Benefits:

- 401(k)
- 401(k) matching
- Dental insurance
- Employee discount
- Health insurance
- Paid time off

Schedule:

- 8 hour shift
- Day shift
- Monday to Friday
- No weekends
- Overtime

Experience:

- Automotive electrical systems: 3 years (Required)

Job Type: Full-time

Pay: Competitive Salary Based on Experience

Expected hours: 45 per week
